Dear Mr. Considine,

We were pleased to consider your application to the Department of Theology for the Master of Divinity at the University of Notre Dame.

We are sorry to report that we are unable to admit you at this time. This decision should not be viewed as an evaluation of your acceptability as a graduate student, but rather as an indication of the degree of competition in your department.

Trusting that you will find satisfactory placement at another school of your choice, we wish you success in your future academic work. Thank you for your interest in the graduate programs of the University of Notre Dame.

Cordially,
